How is it communicated? ↓

Status ↓

DECISION MAKING

The Minor Hockey Association's Communication's Officer will work in consultation with representatives from Hockey New Brunswick and the facilities management.

The Minor Hockey Association Communications Officer will then work with 'Team Liaison's' to provide updates, who will filter the information to parents / guardian's and participants.

Ongoing communication with facility management / Hockey New Brunswick.

Regular updates to parents / guardian's through email / MHA website and social media.

PHYSICAL DISTANCING (2-METER RULE)

Limit the amount of traffic in the facility

Expectations upon arrival and departure - recommend pre-meeting with team parents as well as facility.

Limit the amount of time spent in the dressing rooms

Meet with the facility to discuss the use of dressing rooms or alternate set-ups which will be available.

Distancing amongst spectators

Spectators are required to physical distance as per GNB guidelines.

Masks

Non-medical masks are required to be worn by all members of the public when entering and exiting the facility. Coaches, volunteers and other members of the public are expected to wear them at all times when not on the ice, including in dressing rooms, on benches, attending to an injured player.

Off ice team warm ups

Coach should ensure physical distancing is practiced.
No sharing of warm up equipment.
Observe facility rules regarding team warmups.

COVID-19 – OPERATIONAL PLAN

Action Item ↓	Details of Implementation ↓	How is it communicated? ↓	Status ↓
On ice activities	Teams follow the phases which have been developed by Hockey New Brunswick		
Traffic flow	Members are to follow the traffic flow in the specific arena. (Appendix E).		
HEALTH AND RESPIRATORY HYGIENE			
Promote frequent handwashing	Players are recommended to wash their hands before and after ice session. Hand sanitizer can be used if there's no access to water.		
Water bottles	Players are to have a labelled water bottle and use only that water bottle when participating in the activity. Players should arrived with the water bottle already filled Players should wash water bottles after each session.		
Good respiratory hygiene/ cough etiquette	Cough or sneeze in a tissue or the bend of your arm, not the hand. Dispose of any used tissues as soon as possible in a waste basket and wash your hands. Avoid touching the eyes, nose or mouth with unwashed hands.
